## Editorial Note

*Evelyn your friendship has meant a great deal to me. I hope that you will behalf yourself next year. Be good.*

*Love  
Bonnie*

*P.S. Maybe I can finish this time, Be sweet. Eve, I knew it is going to be hard but please try to. Your wonderful Christian ideas can help others so always be willing to give others the good news.*

*Keep singing! One of these days you'll be one of the greatest singers. I can say I know her.*

In this nineteen hundred and sixty-eight edition of the Greenbriar, I and the staff endeavor to produce a quick glance of our world composed of our country, our state, our community, and our alma mater. Our ideas are similar in many respects as we think about these areas and the part we play in each.

America, North Carolina, Fuquay-Varina, and Fuquay-Varina School make up only a small part of the physical world but a majority of our own world during a life time. What we do for ourselves, our family, our friends, and our part of the vast world will depend upon our love for each. Most of our life has been spent at our beloved Alma Mater, Fuquay-Varina School, in activities and achievements. What we have built here will play a tremendous part in our lives.

"A wise man built his house upon the rock, and the rain descended, and the floods came, and the winds blew, and beat upon that house; and it fell not: for it was founded upon a rock—"

Matthew 7:24,25

# *Our Country*

## *America*

The largest part of our world is America. We study from the fourth through the twelfth grades about America, from the founding in 1492 to the idea of America today. Our studies have consisted of the people as they came to America looking for freedom, the nation being founded by revolution, the democracy that grew as the frontier moved westward, the nation as it is tested by internal strife, the new nation beginning to increase in wealth and power, the old ideals brought

out by the new expressions, and the new problems of today.

What does America mean to us? America is a country of fifty states and many territories which is filled of freedoms for the people. The government has been established "of the people, by the people, and for the people."

Are we proud of our country when we hear "America" and "The Star Spangled Banner?" We should be, if we claim America as a part of our world.

North Carolina's impressive capitol is constructed of granite hauled over the state's first railroad. It was completed in 1840 and since then it has been admired by many.

North Carolina's new legislative building is one that all North Carolinians have been proud to claim as their own.

# *Our State*

## *North Carolina*

In history, North Carolina has been a leader. This was the site of the first English colony in the New World and here Virginia Dare was born, the first child born of English parents in America. North Carolina was the first colony to vote for independence from the English and the first to establish a state university.

The Tarheel State has advanced in many ways during the

past centuries. The three great regions of the Mountain, Piedmont, and Coastal Plain, with many great historical events, has made North Carolina an excellent place for vacationing for many in the United States.

North Carolina has grown, is growing, and will continue to grow as we each take a step into her future—"Old North State" shall continue on in her glory.

Fuquay is not a tremendous town in size but it continues to grow yearly because of the increase in business, the love and desire found here make it a better place to live in, and it is a place for one to find a satisfactory surrounding.

Varina has its own post office but has now become a part of Fuquay Springs or now known as Fuquay-Varina.

# *Our Community*

## *Fuquay - Varina*

This is a story about our town and the area around it.

Fuquay was settled in 1852 by Mr. Stephen Fuquay from Virginia. He bought 1000 acres of land from the Sippi Haw Indians for 50¢ per acre. The name Sippi Haw comes from the name of the Indian tribe that resided here before Mr. Fuquay. Our town land was once under the control of the King of England. Fuquay has grown from the one general store to the industrious town of today.

Five Points used to be a stop-over for the stage coach from Raleigh to Fayetteville. It was on the map before the Civil War.

Willow Springs was settled in 1898. The first house there was owned by a colored lady. The name came from the Old Willow Springs Church on Hill Top.

The Panther Branch Township was settled about 1810. It is now called Panther Lake Community. The name came from the legend that a man was supposed to have killed a panther at a near-by stream.

Needmore was settled in 1892 by three families; the Cottons, the Maynards, and the Hortons. The name of "Needmore" came from the fact that more families were needed to populate the area.

Wilbon was first called "Duketon" because the Dukes came to start a mill. Later, Mr. S.G. Wilbon gave it the name of today.

By viewing the history of our community, we find that the facts are only as good as the people themselves. We are proud of Fuquay.

The lunchroom of Fuquay-Varina School is very attractive this year after it has been decorated and curtains have been put up at the windows.

The gym is much a part of the school. It is here many gym classes take place and our basketball games are taken.

# *Our Alma Mater*

## *Fuquay-Varina High School*

Fuquay School grew as a result of several smaller ones that merged into the larger one of today. In this brief history we shall see how this came about.

Among the first schools in the area was one at Needmore called Oakwood School. The school was used for a packhouse and those who wanted to go to high school had to go to Cary.

Another school was the Wilbon School. It was located about 1/4 mile south of Atkin's pond. The original Wilbon School was named Norris which was later destroyed by fire.

There was a Subscription School in our town and it was just above the springs. Squire Ballentine taught there. There was also another Subscription or Private School about 3/4 miles Northwest of Fuquay and was taught by Haddie Jones. The school which Squire Ballentine taught in was a one room house.

The first public school was started about 1880. It was a one room house about 2 miles Northwest of Fuquay. There was also a second public school directed by Mr. Fred T. Barbee.

In 1881, a school was operated in the area of our present

Teacherage. It was a private school and had about 20 pupils.

A school at Cardenas was begun in 1904 called Cardenas Public School. The first term began in 1910. This school consolidated with Fuquay Springs in 1918.

All of the schools around the area finally merged to form the one Fuquay School. The schools of Willow Springs and Holly Springs remained in the Elementary Grade level and are still operating today.

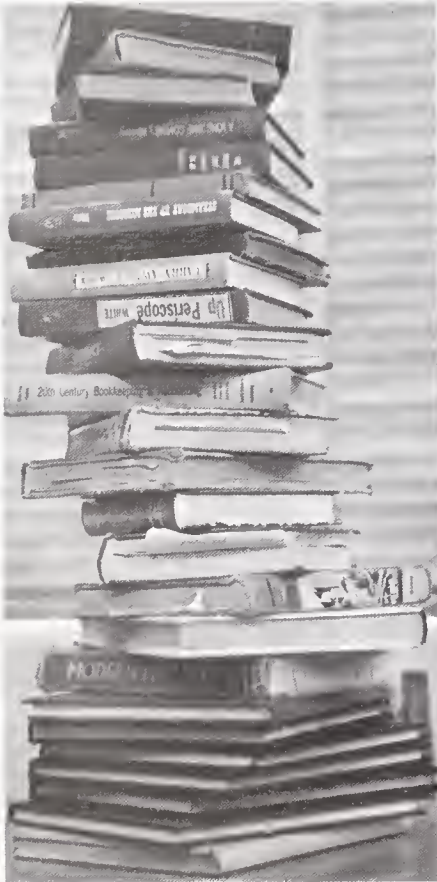

The Elementary Building of Fuquay was built in 1918 and many said that it would never be filled. The Old High School Building was built in 1927 and the "Ag. Building" was also in use. The Home Ec. Department was also in use.

The present High School Building was built in the years 1957 and 1958.

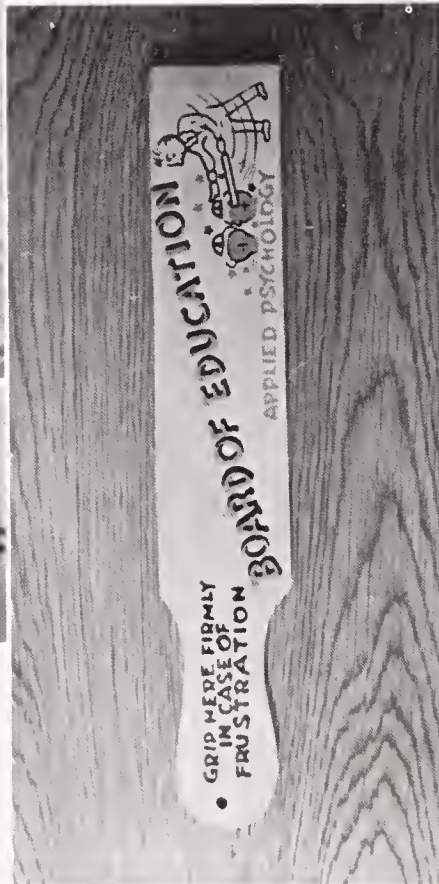

In conclusion, the town and the kind of educational facilities that it provides is a direct reflection on the people of the community. Fuquay had a history that was directly influenced by the schools and the education that they provided.

The main ordeal that Mrs. Freeman tries to bring to her students is to "think" on their own.

Her love and desire to teach mathematics has influenced many in the study of various fields dealing with math.

We the Class of 1968, in deep appreciation and gratitude, dedicate this nineteen hundred and sixty-eight edition of the Greenbriar to one who has been to us and many others a great inspiring teacher of principles of honesty and love for mankind. To one that taught us the importance to "think" for ourselves and was willing to give a helping hand to all in her service as a teacher and a friend.

To you Mrs. Anne Freeman, to express our thanks for your freely given time, advice, and impartial friendship, we dedicate our annual.

*Evelyn, I have enjoyed  
knowing you these  
last 2 years. Best  
wishes for a "lovely"  
future.  
Love,  
Anne B. Freeman*

I. P. Davis, Jr.*

I wish to take this opportunity to compliment all who have had a part in producing our Fuquay-Varina High School Yearbook. The GREENBRIAR exemplifies the fine spirit of our school—our high ideals, steadfastness of purpose and devotion to duty. Through these pages are portrayed the finest people in the world—our students, faculty, and staff.

All of us faculty and students, are proud of the

GREENBRIAR, and look forward with great anticipation to the time each year when we will receive the most recent issue. Our Yearbook has become an important part of our school year, both from the standpoint of the pleasure we receive from it and from valuable training. May it always bring out and portray the best in us, and may the best in us be always dominant.

# Class History

Every class that has graduated from Fuquay has been special in some way. Our class is no different. This Class History tells all of our specialities during our entire schooling period.

- 1st-3rd The thrill of school was very great the first three years. We obediently learned—"Look Jane, Look"—A,B,C,"—"1 + 1 = 3?".
- 4th-6th The excitement of school wore off during these years. Our education increased and our friendships grew. No one can forget marbles, jack rocks, and hopscotch behind the Grammar Grade building. We learned much during these years from child to young adult.
- 7th-8th Remember P.E.—cold showers in the gym?? And the great experiment—girls separated from the boys. We were also the last eighth graders to have N.C. History. How about the "Womanless Wedding?"

## OUR HIGH SCHOOL YEARS WERE THE GREATEST!

- 9th Freshmen!!!! The Willow Springs Arrival. We all go to get our Examinations at the Health Department. Great Expectations—"But Mrs. Haddock, I did do my Latin!"—"I put my zipper in upside down!" And we can't forget "Driver's Ed.!"
- 10th Our "stinky old frogs." " $-ax+by=c$ "—Julius: "et tu Brute?"; "Naw, I ain't et yet, man!" — Waiters and waitresses for "Underwater Fantasy" — And finally, WHEELS!!
- 11th Our great football team 7-1-2 Explosions in Chemistry—"Test, Test, Test" (PSAT, SAT, ACHIEVEMENT, MENTAL MATURITY, etc.) — "Magazines MUST be sold!" — Miss lola's last year. Remember Asheville? Three Coins In a Fountain—"Dead fish, floating gym." — Sand and Sun with "Sunburn" and Carolina Beach — And we can't forget our "Honored" Marshals.
- 12th At last, the oldest! March in for Assembly — "Our" Superlatives are chosen — "Our Queen" — "Our" mascots -- And late as usual — NEW Class Rings — Dead batteries at College Day — D-Day; December 2 (SAT) — We are not only the 50th class to graduate but most of us were also born in '50.

We had a great football team this year. They put out a lot of good effort and continued to fight all the season. Even though we lost a good player in the Wake Forest game, the Fighting Falcons kept on toward the goal of victory. We won six games and lost four of them this season. The Fighting Falcons won the Homecoming Game this year over Apex by a score of 25 to 6. We want to congratulate the fine effort and the coaching that was displayed by our team and the coaches this year.
